(989) 343-1573

Highly motivated hard worker looking to maintain industrial grade wind turbines. I would like to use my experience in the Machining and Tool and Die trade to aid me in this process. I would like to combine my trade skills along with my training in wind technology to repair and maintain turbines to the international standards.

Clearlake Bar

West Branch, Michigan

July 05 – August 08

Kitchen Staff

Worked as a cook and had a vast variety of responsibilities. I was responsible for the firing and hiring of kitchen staff, along with training new staff how to perform their duties. I dealt with customers constantly and always kept a professional manner.
